

Emma - The Other Side of Normal

There are people in this world born into it happily anticipated, loved and nurtured. Emma isn't one of them. Her life has been one big suckfest, but she learns to deal with being kicked to the curb by her parents, a bad marriage and, due to circumstances beyond her control, a career change. Emma finds out that losing her perfectly respectable secretarial position is no big deal when she can make a very good living as a phone sex conversationalist. Too bad that job gets her targeted for murder.
