

Mother Careys Chickens

The basis of the 1963 Disney film *Summer Magic* starring Hayley Mills. Set at the turn of the century, *Mother Careys Chickens* is the story of the surviving Carey family who found themselves penniless after their father dies. The family moves from Boston, Massachusetts to Beulah, Minnesota, to live in a home that the family had once admired while on vacation. Once they arrive at the home, they find it run-down, but with the help of the good-natured local post master Osh Popham, the family manages to restore the home. Drama ensues when, surrounding the bustle of fixing up the house, the Careys snobby orphan cousin Julia comes to live with them, and Julia and Nancy fall for the same boy.
