

The Golden Age of Probation: Mission V Market

The Golden Age of Probation is the first book on probation by those practitioners who became its leaders. A comprehensive account exploring culture, values and tensions. It looks at the dynamics of probation supervision and political dimensions, including the shift to a market-driven form of public service. A lively and challenging collection of writings by those at the very heart of the Probation Service for 50-years. Complete with descriptions of life at all levels of what has been described as the jewel in the crown of criminal justice. Moral and other challenges are presented alongside those of standing-up to government Ministers whose aspirations for political immortality have led to profound tensions. The book describes how tough talk and market-strategies have undermined 100-years of devoted public service and ideas about how best to help change the lives of some of the most marginalised people in society. Equality, race and social deprivation are amongst the issues explored as the ethos of probation and its deeply-rooted values are laid bare in a book that deals with highs and lows, hazards, innovation, hopes, aims and the international influence of an organization whose original mission (not always popular) was to advise, assist and befriend those otherwise heading for prison and a life of crime. Colourful and highly readable, The Golden Age of Probation takes the reader on a journey through England and Wales exposing social disadvantage, unrest and increasingly London-centric policies. It records first-hand what life was like for those at the sharp end during an era of extensive progress, development and change. After becoming a probation officer in Stoke-on-Trent in the 1960s the editor Roger Statham rose through the ranks to become Chief Probation Officer for Teesside. He is joint secretary of the

Association of Retired Chief Probation Officers and Inspectors of Probation. The book contains contributions by 20 members and associates of that body. The author, playwright and actor Alan Bennett contributed the Foreword after recording elsewhere his thoughts on certain responsibilities remaining in public hands: The notion that probation, which is intended to help those who have fallen foul of the law, should make a profit for shareholders seems beyond satire. Diary, 2013. The rewards of probation ... are human profits and nothing to do with balance sheets. Cambridge Sermon, 2014.
