

Twisted Clues (Owens Investigative Services Book 1)

Starla Owens has moved from the country to the city and opened Owens Investigative Services. Her first client, the owner of a wooden toys factory, hires her to find out who is leaving threatening notes under his windshield wiper blade at the plant. She takes the case, installs a surveillance camera, and the client is found dead in his car. The clues are not always clear cut, but with the help of a new attorney and a new found friend who turns out to be in the detective unit at the Sheriff's Department they piece together the case. A surprise ending awaits them all.
